

Motions and Recommendation - Clonduff GAA AGM 2019

Motions

- With significant increases to registration fees, players insurance and player welfare costs over the past few years, membership rates for the 2020 season to be moderately increased as follows:

Juvenile member £30 (€80 for 3 or more Juveniles per household)

Adult player member €120 (€50 for adult student in full-time education)

Adult non-player member €40

(Daniel McPolin)

- Membership increase to the following amounts to more accurately reflect current running costs:
Adult Players: €60
Adult Non-players/Students (Over 16/still in education): €40
Juveniles: €30
(Anita Brannigan)

Recommendations

- **Social Club**
Our social club not only is a source of income which contributes greatly to the overall running costs of the club, but is also a valuable asset which all of our teams, our members and the wider community use on a regular basis. Like all our other facilities, it needs looked after, maintained and serviced by volunteers on an almost weekly basis.

As which is normal in most other clubs, it is recommended the incoming committee to form a social club committee or sub-committee comprised of both additional members from the executive and other non-executive members, fairly represented across all code. Should this not be possible, the committee considers discontinuing our social club services in its current form.

(Daniel McPolin)

- That Clonduff GAC increase membership fees for players and non-players in line with other clubs.
(Jamie Fegan)
- To develop underage in all four codes we should host our own in-house blitz at least once a month as we have the numbers to do so. This would minimise the time and money spent going to tournaments elsewhere and also develop every player, not just the 'elite' underage players selected to go, and children wouldn't be 'labelled' as A/B/C team. Teams would be divided

equally – we could use Minor players as managers, and underage referees within the club, therefore developing coaching and referring skills in our younger players.
(Paula O'Hagan)
